

LAB PRESENTATION SCHEDULE

ALL TIMES PDT

|                         |                |                                                                                                                                                                                                            |
|-------------------------|----------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Tuesday<br>October 20   | 1:30–1:50 PM   | <b>Predicting Trust Contagion via Gaze Allocation in Multi-Human-AI Teams</b>                                                                                                                              |
|                         | Lecture        |  Presenter: <b>Emanuel Rojas</b><br>HART2: Trust Contagion in Teams   Crystal 1–2                                         |
|                         | 2:10–2:30 PM   | <b>Trust Contagion and Transfer in Multi-Human Multi-Unmanned Aerial Vehicle (UAV) Team</b>                                                                                                                |
|                         | Lecture        |  Presenter: <b>Debbie Hsu</b><br>HART2: Trust Contagion in Teams   Crystal 1–2                                            |
|                         | 4:50–5:10 PM   | <b>Identifying Latent Processes in Multi-Modal Physiological Signals for Team Performance: An Exploratory Structural Equation Modeling Approach</b>                                                        |
|                         | Lecture        |  Presenter: <b>Emanuel Rojas</b><br>HPM2: Team Performance   Carson 4                                                   |
| Wednesday<br>October 21 | 3:00–3:20 PM   | <b>Brainstorming with a Bot: Upgrade or Overhype?</b>                                                                                                                                                      |
|                         | Lecture        |  Presenter: <b>Nishthaa Lekhi</b> (University of Michigan–Dearborn)<br>HART9: Generative AI Collaboration   Crystal 1–2 |
|                         | 5:30–6:30 PM   | <b>Confidence Amplification in Human–AI Moral Decision-Making</b>                                                                                                                                          |
|                         | Poster         |  Presenter: <b>Mengyao Li</b><br>Wednesday Poster Session   Summit Pavilion                                             |
| Thursday<br>October 22  | 11:00–11:20 AM | <b>Beyond Dyads: Machine Learning for Team Performance Prediction in Multi-Member Teams</b>                                                                                                                |
|                         | Lecture        |  Presenter: <b>Mengtao Lyu</b><br>HART13: Sensing Team Performance   Crystal 1–2                                        |
|                         | 5:30–6:30 PM   | <b>Effects of Interoceptive Inference in Mixed-Motive Human-Robot Teams</b>                                                                                                                                |
|                         | Poster         |  Presenter: <b>Mengyao Li</b><br>Thursday Poster Session   Summit Pavilion                                              |
